REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Trustees International Society for Medical Publication Professionals, Inc.

Report on the Financial Statements

We have audited the accompanying statements of financial position of the International Society for Medical Publication Professionals, Inc. (the Society) as of December 31, 2014 and 2013, and the related statements of activities and change in net assets and cash flows for the years then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the International Society for Medical Publication Professionals, Inc. as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Notes to the Financial Statements December 31, 2014 and 2013

1. BACKGROUND OF THE ORGANIZATION

The International Society for Medical Publication Professionals, Inc. (the Society) is a New Jersey not-for-profit organization, which was incorporated in 2005 to support medical publication professionals through education in fields associated with publication development and planning.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Equipment

Equipment over \$500 is recorded at cost and an estimated useful life of more than one year are depreciated using the straight-line method over the estimated useful lives. Expenditures for major repairs and improvements are capitalized and expenditures for minor repairs and maintenance are expensed as incurred.

Notes to the Financial Statements December 31, 2014 and 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurement

Accounting principles generally accepted in the United States of America provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Association has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Input to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements December 31, 2014 and 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Assets

Unrestricted net assets are assets and contributions that are not restricted by donors or for which restrictions have expired.

Temporarily restricted net assets are those whose use by the Society has been restricted by donors primarily for a specific time period or purpose. When a donor restriction is met, temporarily restricted net assets are reclassified to unrestricted net assets. If a donor restriction is met in the same reporting period in which the contribution is received, the contribution (to the extent that the restrictions have been met) is reported as unrestricted net assets. There were no temporarily restricted net assets as of December 31, 2014 and 2013.

Permanently restricted net assets are those that are restricted by donors to be maintained by the Society in perpetuity. There were no permanently restricted net assets as of December 31, 2014 and 2013.

Restricted and Unrestricted Support and Revenue

Contributions received are recorded as unrestricted, temporarily or permanently restricted support, depending on the existence and/or nature of any donor imposed restrictions. Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction.

Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when some stipulated time restriction ends or purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statements of activities and change in net assets as net assets released from restrictions.

Revenue Recognition

Membership dues are recognized as revenue in the membership period to which the dues relate. Accordingly, dues paid by members in advance of the membership period are reported as deferred revenue in the accompanying statements of financial position.

Notes to the Financial Statements December 31, 2014 and 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition (continued)

Revenue and the related costs of the conference and continuing education are recognized in the year in which the conference or seminars are held. Accordingly, registrations, sponsorships, and exhibit space paid by sponsors in advance of the conference year are reported as deferred revenue in the accompanying statements of financial position.

Unrestricted contributions and grants are reported as revenue in the year in which the payments are received and/or unconditional promises are made.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of activities and change in net assets and functional expenses. Accordingly, certain costs have been allocated among the program and supporting services that benefit from those costs. Management and general expenses include those expenses that are not directly identified with any other specific function but provide for the overall support and direction of the Society.

Income Taxes

The Society is exempt from Federal income taxes under Section 501(c)(6) of the Internal Revenue Code and is recognized as such by the Internal Revenue Service. The Society receives unrelated business income from advertising that is subject to the unrelated business income tax.

The provisions included in accounting principles generally accepted in the United States of America provide consistent guidance for the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribe a threshold of "more likely than not" for recognition of tax positions taken or expected to be taken in a tax return. The Society performed an evaluation of uncertain tax positions as of December 31, 2014, and determined that there were no matters that would require recognition in the financial statements or, which may have any effect on its tax-exempt status. As of December 31, 2014, the statute of limitations for tax years 2011 through 2014 remains open with the U.S. Federal jurisdiction or the various states and local jurisdictions in which the Society files tax returns. It is the Society's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense.

Notes to the Financial Statements December 31, 2014 and 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Society evaluated the accompanying financial statements for subsequent events and transactions through November 30, 2015, the date these financial statements were available for issue, and has determined that no material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.

3. INVESTMENTS

As of December 31, 2014, Level 1 investments, which consisted of mutual funds, had a fair market value of \$850,319. There were no Level 2 and Level 3 investments as of December 31, 2014 and 2013. The Society had unrealized losses of \$30,739 as of December 31, 2014, there were no investments as of December 31, 2013.

For the year ended December 31, 2014, investment income consisted of the following:

Bank interest income	\$ 2,357
Reinvested dividends/income	33,820
Unrealized losses, net	 (30,739)
Total, Investment Income	\$ 5,438

4. EQUIPMENT

As of December 31, 2014 and 2013, equipment consisted of the following:

		2014	2013	Useful Lives
Computer equipment	\$ 24,114		\$ 24,114	3 to 5 years
Computer software		62,953	 62,953	3 years
		87,067	87,067	
Less: accumulated depreciation		82,634	76,386	
Property and equipment, net	\$	4,433	\$ 10,681	

Depreciation expense for the years ended December 31, 2014 and 2013, was \$6,248 and \$7,898, respectively.
